Take Comfort Handmade Slim Cards

Step-by-Step to Creating Six Slim Cards: Play-to-Create along and learn how to create six slim cards using the Take Comfort Slim Card Sentiment Pack. This class will allow you to go from start to finish and complete cards of your own, as well share a few little design nuggets along the way.

While the slim cards you will create use the specific products, you will be able to use the same techniques and skills that you will learn on many of your future card creations.

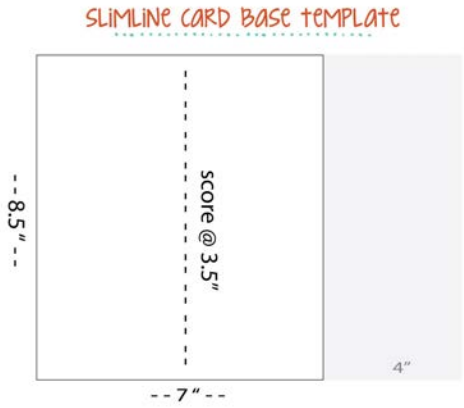
Cut Your Card Bases



Before we start designing our cards, take the six 8.5”x11” white cardstock, and cut them down to 8.5” x 7”.
Then fold those in half at 3.5”.
These will become our canvas that we will design our cards on top of.

Slim Card #1

Let’s start with this adorable card! We will be adding a lot of layers and getting familiar with how to use the Triple Plaque A la carte, which works perfectly with the Take Comfort Card Pack.

Layered or Simple. You Decide!
Just remember that you can go as detailed and extravagant or as simple and clean as you'd like when designing with this card pack. It all depends on how you layer your papers. If you want a few less layers, that is just fine!

When you're making cards, sometimes you can get stuck thinking that "it looks bland" or "it looks like it's missing something". This thought is an expected companion for any craft, but we challenge you to think of layering or adding elements as a solution to those thoughts.

Add some fun enamel dots or an extra petal on top to add a little more life.

Slim Card #4

Such a simple card, yet it makes you think that it is intricate in design. That's what we are going for! Simple yet cute!

Designer Templates Used:

- Tiny Plants (3T, 5T, 7T)
- Captions (5)
- Triple Plaque

P.S. You can see through the Designer Templates which makes it easy to align and adjust your templates to fit your paper patterns and sentiments. You'll never worry that your cute phrase won't fit into your design again.
