Why are some of the Kiwi Club title card designs not centered?

Sometimes, our Kiwi Club title cards will be designed with an off-center title. We've done this purposefully. The words and designs on the title cards are off-center so that you can maximize their use with both the designer templates included in that month's Kiwi Club Kit and other templates that you already have in your own collection.

To make the inside of your Shades look like they are reflecting a super relaxing view, simply lay the Shades Al a Carte on the 'pool' or 'beach' themed scenery cards, and move them around until you see something you love. Then trace around the edge and voila! Once you've cut it out, this particular design looks great at the center of our 'Summer Time with Good Friends' title card.
