"I adore Fall!  
It is my favorite season  
of the year! The colors  
and smells. The delicious food.  
The time spent with family and  
friends. The crisp feeling in the  
air. It is the perfect recipe for  
happiness!

*I love everything Fall! Cozy and warm sweaters, leaves on the ground, yummy smelling apple cider candles, pumpkin pie with loads of whipped cream, cooler temperatures and hot cocoa, trips to the corn maze and pumpkin patch, and the sense of excitement as the holidays begin...these are some of the things that bring feelings of cozy comfort to me during this time of year.*

Fanned Turkeys  
A la carte (Turkey)

Create this fun  
Holiday Decor using  
the steps below!

Cut 2 strips of paper 3"-4" wide and cut out a turkey using the designer template in your kit.

Fold both strips of paper accordion style.

Adhere the end of one strip to the end of the next strip.

Because it is home decor, we recommend hot glue but you can use adhesive if you would like. Match up ends so the folds continue correctly.

Fan your ends down to meet at the bottom center.

Cut a skinny strip of cardboard or paper to fit across the bottom of the fan.

Adhere with hot glue to the bottom of your fan. We also suggest putting a little dab of glue on the bottom folds to hold in place.

Adhere your turkey on the front with hot glue.

By adjusting the length or width of your strips allows you to create the different sizes of feathered fans.
